

Christmas Gift ideas

Wrap up Christmas with PolyPads®

For those who like a distinctive look choose the PolyPads® Butterfly – the saddle pad with a difference. Not only does it have a special butterfly shape for good leg contact and smooth contours to enhance the look of any horse, but it also provides superb protection under the saddle. PolyPads® unique Filament AirTrap® System gives strength, flexibility and exceptional compression resilience in a slim under-saddle 'sandwich', while the distinctive raised strips and gaps on the Filament top layer provides good breathability. The PolyPads® Butterfly retails from around £48.50, is available in a fabulous array of colour combinations and can be embroidered to order. Available in saddlery shops across the South East. Visit www.poly pads.co.uk.
